

Get ready for a wild exploration of the 'Sonoma Serengeti' — go on Safari!

Safari West is the closest you can get to Africa without a Passport!

Adventure abounds as you set out in a rugged, open-air safari vehicle in search of zebra, blue wildebeest, springbok, Cape buffalo, Watusi cattle, kudu, and more! Crossing terrain that ranges from steep and rocky to rolling savannah, the journey transports you to an environment much like the exotic and untamed lands of Africa, with our herds roaming virtually undisturbed over hundreds of acres.

Unique to the Safari West experience is the opportunity to get up-close with animals whose origins span the entire African continent, yet are found here all in one place! This diverse species integration, as well as the freedom to move throughout a natural environment, allows our animals to maintain many of their wild instincts and behaviors. What's more, you will have the opportunity to observe animals such as scimitar-horned oryx, Nile lechwe, and addax. All of these antelope are highly endangered and rarely seen in the wild.

While traversing our natural landscape, your specially trained guide will share fascinating stories about our collection of over 800 animals, as well as tales of their exotic counterparts in the wilds of Africa. During the drive you may encounter Cape buffalo charging up a hillside, our pair of white rhinos basking in the sun, impala leaping over logs and streams, or a herd of wildebeest galloping across the horizon. And, with a little luck, you might find yourself eye-to-eye with a towering, curious giraffe!

The adventure continues on foot with an exploration of our lower compound where you will embark on a journey through our aviary, which houses an international bird collection. On your guided walk you will also take a closer look at smaller animals such as African Spurred tortoises, fennec foxes and Indian crested porcupines. You'll even spot cheetahs stretching their powerful legs and watch playful primates enjoying their lush habitat on Lemur Island!

Our safaris provide a unique and unforgettable experience and are the most captivating way to discover the spirit of Africa in the heart of the wine country.
